March 4, 2023

| Do you believe in fate/destiny?

I think without knowing our future how could we conclude belive on fate or destiny... because whatever happen it will happen Nothing could change...if that mean the fate/ destiny then i belive on it...both positive and negative would happen in every once life. Some think they can change or modify it...but the truth is changes and modify might be the part of fate or destiny 🤔...

Prompt...
